### What does your organization do? Who does it serve?

Womenspace has been providing safety, hope, and healing to survivors of intimate partner violence for over 40 years. Each year we serve thousands of survivors and children from our communities of color, tribal communities, LGBTQIA community, survivors with disabilities, men, and the rural communities in Lane County. We provide resources, services and programs that empower survivors and that work with communities to end intimate partner violence in Lane County. Domestic violence is everywhere and does not discriminate on the basis of race, religion, politics, economic position, education, or gender. We believe everyone has the right to a life free from violence and fear of abuse.

### What is a recent organizational milestone, story, or achievement you'd like to share?

For our 2018 Holiday Giving Program, with the generous support of the community we were able to provide over 150 families in Lane County with a wonderful Holiday. We thank each one of our partners for helping make their Christmas morning a magical experience.

### How has being an NAO member helped you succeed in furthering your organization's mission?

NAO has been a great resource to Womenspace. We have connected with other non-profits forming partnerships to move our mission forward. We have benefitted greatly from the various training that NAO has provided.

### Anything else you'd like to share?

We appreciate the support of our donors and community partners. Their commitment to the survivors of domestic violence and their children in our community is amazing!

*Special thanks to Kim Lax,  
Development and Resource Director, Womenspace*
